

Huddle Guide for Baptism Celebration**Huddle Discussion:**

We get to celebrate over 160 people who have experienced the hope of Jesus this weekend, and the majority of them are students! Our NextGen is a generation of hope carriers and they are making a difference in their world.

Baptism is an outward symbol of an inner change. It's a celebration of salvation, a new identity, and new life!

We get to celebrate together and welcome in lots of new guests; the family and friends of those being baptized.

Because of how you serve and set the environment for people to encounter Jesus every week, life change is happening. As a team, let's celebrate life change, be the culture of Valley Creek, and be reminded of why we serve!
